FREDERICK E. DIXON

DERRING-DO Scotch Plains, N. J. (WEstfield 2-3125)

It would be difficult indeed to imagine a more valuable or a more complete guide for the cultivator of a dahlia or for the person who aspires to have a dahlia garden some day.

Just think of the time and money wasted every year (to say nothing of the sad disappointments) on dahlias that, because of improper planting and care, never materialize.

00

This is the result of following the Derring-Do Dahlia Guide

This Splendid Guide Tells You Everything You Should Know About Dahlias

HERE at last is a Guide that gives not only the complete romance about dahlias, but also the practical side as well. For many years there have been dahlia books available but the majority have proven cumbersome for the average lover, or else their scope has been far too limited. But here are definite, time-tested instructions that anyone can understand for the cultivation and care of every type of dahlia. It tells you when and how to start the seeds, whether indoors or out, when to set out plants, how to transplant, cultivate and water, how to care for plants, and the best kinds of soil for them—these are only a few of the essential details covered.

Just as much importance is laid on the artistic side of dahlia planting—whether you want dainty flowers or showy flowers, whether you want them for outdoor display or for cutting, for hedges, grouping massing or distant effects.

UNSOLICITED COMMENT

From Ohio:

"Dear Mr. Dixon:

I am again reading your Dahlia Guide, very interesting. I believe if all our customers could be induced to have a copy, it would be helpful to us all, especially the cuts on how to plant. Plants, it seems, too few understand, they don't get them deep enough.

D. Paul Wickersham,

MAD RIVER GARDENS,

Urbana, Ohio."

From Michigan:

"Dear Mr. Dixon:

Another thing you have issued one of the finest books on dahlia growing I have ever seen and I guess I have seen most of them. By that I mean that for Mr. Average Man it just simply cannot be bettered. Just why some of the other growers have not taken it up and issued it from your rights I fail to understand. Surely it would be well worth all the royalty they have to pay. I know if I were in a position to do so I would not hesitate a minute as it gives a service that you and I and others like us have had to experiment and work with, until we secured the results desired.

M. J. Reynolds,

From Connecticut:

"Dear Friend Dixon:

I have read your very interesting guide thru several times, and find much valuable information in it, in fact it is in a class by itself, among the many that I have received.

Your very truly,

Wm. J. Rathgeber."

From New York, 2-3-32.

"Dear Sir:

Two years ago I bought your collection No. 1 and I wish (at this rather late day) to thank you for your generosity in substituting some very fine expensive roots in place of those you could not supply as listed in the group. You were kind enough to substitute Jane Cowl, Saxon Chief, Harry Mayer, and other and in accordance with the slogan of the National Association of Commercial Dahlia Growers I want to say that I received more than a "Square Deal." In view of your very generous treatment toward a casual buyer whom you never saw or heard of before, it is needless to say that I will be glad to tell others to deal with Derring-Do for an honest and "Square Deal."

Very sincerely yours,

Otta M. Waeterling, 1392 Boston Rd. New York City."

DERRING-DO FEATURES

At Last Satisfactory Dahlia Seed.

That represents testing, experimenting and studying the subject for a period of many years and it is with a great deal of pride that I can now list for the first time dahlia-seeds that I am proud of.

For several years I have had calls for my seed but never have I had enough of the worthy kind that I would care to recommend. While my supply is limited I do feel sure that those purchasing them will be apply repaid.

amply repaid. 8 gr. (50-75) Seed ... 16 gr. (100-150) Seed

How can you be sure of treating your soil correctly if you do not know the proportions of its ingredients? Soils tested by me include:—

State of Alkalinity; Acidity; Phosphorus; Nitrate; and Potash, with recommendations for improvement.

(A DAHLIA WORTHY OF THE NAME)

Colvin-Derring-Do

An informal Decorative Dahlia with petals blended light-orange-yellow and coral-pink that twist and curl from an ideal center. A flower 8-11 inches (and without forcing) on a stem and neck that is perfection beyond improvement.

This dahlia has:—Colr, size color-stability, stem, neck, large-leaf, good bloomer, good root maker, good propagator and not "tricky" to grow. In short a grand dahlia without "Ballyhoo." NOTE: This is the seedling that caused the crowd to gather and try to buy at the N. Y. Show in 1932, but limited stock prevented its sale. It's regretable that no picture was taken of the 50 bloom display of it in the Brooklyn Show last October. Suffice to state that they were like the one checked (V) in the display-cut of the 1933 folder.

- Derring-De Bouqeut

Received highest award in the American Classes of The International Miniature & Pompon Exhibit at Garfield Park Conservatory, Chicago, Ill. last fall. This dahlia, Derring-De Bouquet, won in the American Cl ss of Miniatures against a field of 75 varieties which included the best in the land which further substantiates my description of it in my 1935 list.

The stock of this dahlis is so limited that it can well be considered a novelty, it having been shown only in the above show and from the above record it was the most outstanding novelty in the miniature, therefore I have placed it first among the 1936 novelties.

NATIONAL TRIUMPH, D.

This is a very bright red dahlia with very fine form tion flowers and equally good grower. The stems are long and stiff. This is another very high class dahlia brought east by me out of seclusion where it was grown by a man that knows his dahlias, but unable or unwilling to enter the expense of promoting. It is one of those dahlias that one likes to get in advance of others.

NATIONAL MONARCH, I.D.

This dahlia is one of the largest and has petals that are the longest that I have ever seen. The color is salmon pink, the stems, foliage and plant growth are ideal and would have easily been included in "The Review of Dahlias" had it been seen.

NOTE

The following four dahlias while not actually novelties, have not been grown in the East and should have been, for I have no doubt that they would have been on "Honor Rolls" had they been known.

AMY BARTLEY, D.

Here we have a till light-yellow dahlia that is very large, 14 inches. The stem is very long and wonderful and again I cannot understand whitits price is so low.

Col. LEWIS, D. (Provins, 1933)

This dahlia attracted my attention instantly when judging the West Va. State Show in 1934. At that the I hered at "jet" and here it is with not one regret. Its a very fine mulberry-rose color that is dazzling. Root, plant growth, foliage and stem, are ideal.

NATIONAL GEM, I.D.

Here again I am at loss to know how this suberb dahlia was missed by the growers, also how it happened to be priced so low. It is a very large and desp flower and the color is dark and mulberry-rose that lasts long on the plant and in the vase. A favorite beyond doubt and well should be for it has everything.

NATIONAL HIGHWAY, T.D.

This dahlia is a very early flowering dark maroon that is countenous in great numbers without the usual diminishing of size, on constantly strong stems. And again I can not understand why it is priced so low.

FURTHER COMMENT

. 1935 NOVELTIES

CLASSIC:

This dahlia apparently did very well in the Far Wost is per the following:-

Quote:

"August 31, 1935,'My chief reason for writing is to state that your Classic is quite equal to its name; the plant is a tall clean grower and the bloom is a real beauty; superior to any of it's color".

by-H. L.

The above reiturates the comments made at the time of CLASSIC'S introduction and is further proof that its selection, as an outstanding dahlin was not in any way over-rated.

Some time or other every flower lover of dahlias will have this dahlia because it is a flower that will always retain admiration regardless of how common it may ever become.

ADDITIONAL NOVELTIES-1935

VELVET WONDER, I.D. (Hunt, 1935)

Violet-marcon, broad petaled massive flower, yet by nagments stiff; well formed and maintaining its circular outline, even in very large specimens. Achievement metal winner in N.Y. Show 1934. Crownout at 2 feet height for better blooms till come on lateral PLANTS-\$2.50

FORREST FIRE, I.D. (Maytrot, 1935)

This dublia lives in mind from the fitness of its name. The broad pointed petals are flaming red and those are subtended by orange-yellow petaloids that lend to the whole flower a truly living flamelike effect. One of the most distinctive.

AUTUAN MOON, F.D. (Wickersham, 1935)

This large dahlia is a consistant bloomer on good strong stems. Color a light golden yellow with a for high lights of peach amber. In some soils reminding one of a full September moon.

JUDGE SEABURY; I.D. (Ethoringron, 1935)

Winner at N.Y. 1934, as best new dahlia of New Jersey origin. It won the same honor at the Northern Show of New Jersey. Good at Stores and N.Y. Botanical Gardens. A large flower of pleasing blend of pink and white. Pink is a definite, rich shade, well-tested and a fine grower.

PLANTS-\$3.75

JESSIE CRA FORD; I.B. (Frasor, 1935)

This grand novelty of 1935 was one of the best dahlias on trial at Stores that year and is an impressive prover. Its a large flower with a background of pale lavender tinted and margined with bright orchid, almost a violet-red. This color intensifies at the center and the effect is very pleasing.

PLANTS-\$2.50

HELEN FRASER, I.D. (Fraser, 1935)

The color of this dahlia is hard to describe and do justice to; the ground color ivery-white with blendings of cattleya pink, the tips of the petals deep cattleya orchid. The large flowers are carried on long stems well above the foliage; free flowering, clean uniform growth, height 42 feet. Mentioned in both "American Home" and "Home and Field" honor rolls of 1934 as outstanding nobelties.
